KERALA KNOWLEDGE ECONOMY MISSION

DWMS Skill Catalogue

Guide to meet the opportunity

ABOUT KKEM

Kerala Government has embarked on an audacious programme of Kerala Knowledge Economy Mission (KKEM), with a vision to develop Kerala into a Knowledge Society and thereby achieve economic growth and lifestyle improvements for its citizens. By 2026, KKEM aims to offer gainful employment to 20 lakh people across a variety of sectors and job areas.

KKEM aims to create knowledge-based career opportunities for job seekers in Kerala and the Job seekers will be offered vacancies including full-time and part-time jobs, projects and freelance jobs, and remote work in the private, MSME, and start-up sectors.

DIGITAL WORKFORCE MANAGEMENT SYSTEM (DWMS)

Digital Workforce Management System (DWMS) is a platform of platforms has been designed with as an online digital platform to connect job seekers and job providers. Thus, the DWMS will act as a comprehensive platform that takes care of the supply and demand side with capabilities for registration of candidates seeking jobs, curation of registered candidates to meet the demand as well as job publisher registration.

CONTENTS

Programming 17

FPGA Programming using VHDL - 18
FPGA Programming using Verilog HDL - 19
RUST Programming Language - 20
Python Programming (CDAC Kerala) - 21
Android Programming - 22
JAVA Programming - 23
Unity Certified User Programmer - 24
Python Programming (ICT Academy) - 25
Programming with JavaScript - 26
C# Programming - 27
Java Programming - 28
Python Programming (KSWDC REACH) - 29

Crafting 30

Professional Certificate in Cake Baking - 31
Professional Certificate in Artisanal Bakery - 32
Professional Diploma in Hotel Management - 33
Certificate Course in Interior design - 34
Professional Certificate in Cake Baking - 35
Professional Certificate in Artisanal Bakery - 36

PR & Social Work 37

Patient Relations Associate - 38
Employability Training - 39
Diploma in Labour, Employment & Industrial Laws (including POSH) for HR Managers - 40
Customer Service Representative - 41
Remote Workforce Training - 42

Banking & Accounting 43

Professional Diploma in Banking & Non Banking Financial Services ---- 44

Computerised Financial Accounting (Tally & MS Office) ---- 45

Banking & Finance Internship Training Programme ---- 46

Certificate course in Digital Banking ---- 47

Certified Banking, Securities Market & Insurance Professional ---- 48

Banking & Finance Internship Training Programmer ---- 49

Certificate course in Digital Banking ---- 50

Certificate Examination in International Trade Finance ---- 51

Diploma in International Banking & Finance ---- 52

Digital Finance Certification ---- 53

The Future of Payment Technologies ---- 54

Finance Service Executive ---- 55

Computerised Financial Accounting & GST Using Tally ---- 56

Cyber Security 57

Ethical Hacking (CDAC Kerala) ---- 58

Ethical Hacking (ICT Academy) ---- 59

Certificate Course in Cyber Security /Ethical Hacking ---- 60

Certificate course in Prevention of Cyber Crimes and Fraud Management (Certification IIBF) ---- 61

Certificate course in Anti – Money Laundering/ KYC (IIBF) ---- 62

Cyber Security (CDAC Kerala) ---- 63

Cyber Security (EC COUNCIL) ---- 64

Certificate course in Prevention of Cyber Crimes & Fraud Management(Certification ASAP KERALA) ---- 65

Ethical Hacking ---- 66

Certified Cyber Security Analyst ---- 67

Cyber Security Analyst ---- 68

Certificate Examination in IT Security ---- 69

Postgraduate Diploma in Cyber Forensics & Security ---- 70

Industrial Technicians 71

Certificate Course in Electronic Security & Surveillance System 72

Certified Diploma in Electric Vehicle Design, Simulation and Component selection 73

Certified Diploma in Electric Vehicle Powertrain Architecture Energy Storage System 74

Marine Structural Fitter 75

Certificate Course in Mobile Phone Technology 76

Advanced Technical Program 77

Hydroponics Gardener 78

Diploma in Advanced Contract Drafting Negotiation and Dispute Resolution 79

Business Correspondent & Business Facilitator 80

Moulding/Curing Supervisor 81

Diploma in Computer Hardware and Network Maintenance with e-Gadget Technology 82

Diploma in Airport Operations 83

Advanced Certificate Course in Offset Printing 84

Information Technology 85

PG Diploma in IT Enabled Services & BPO 86

PG Diploma in VLSI SoC Design and Verification 87

Electronic System Design 88

Post Diploma in "Embedded Systems and IoT 99

Certificate Course in Computer Network Administration 90

Business Analytics 91

Digital Media 92

Social Media Marketing & SEO 93

Digital Marketing Programme 94

Graphic Designer 95

Certificate in Advertising Design 96

Certificate in Web and Ui Design 97

Certified Specialist in Digital Marketing 98

Web designing 99

Logistics 100

Professional Diploma in Logistics & Supply Chain Management ---- 101
Warehouse Supervisor ---- 102
Diploma in Logistics Industry Practices ---- 103
Post-Graduate programme in Shipping and Logistics Management ---- 104
Post-Graduate programme in Logistics and Supply Chain Management ---- 105
Certificate in Logistics and Supply Chain Management ---- 106
Diploma in Logistics Management ---- 107
Advance Diploma in Logistics Management ---- 108

Machine Learning, AI & Robotics 109

Certificate Course in Machine Learning & Artificial Intelligence ---- 110
Robotic Process Automation ---- 111
Artificial Intelligence and Machine Learning for Students ---- 112
Artificial Intelligence and Machine Learning ---- 113
Unity Certified User VR Developer ---- 114
Diploma in Data Science & Artificial Intelligence ---- 115
Machine Learning & Artificial Intelligence ---- 116
AiU Certified Tester in AI for Professionals ---- 117
Certified Specialist in Robotic Process Automation ---- 118
Certified Specialist in Machine Learning & Artificial Intelligence ---- 119
Machine Learning ---- 120
Artificial Intelligence ---- 121

Media & Entertainment (PART 1) 122

Introduction to Art Appreciation Course ---- 123
Graphic Designer ---- 124
Introduction to Art Appreciation Course ---- 125
Unity Certified Associate Programmer ---- 126
Diploma in Digital Media Production ---- 127

Medical Sector (PART 01) 128

Certificate Programme in Medical Coding & Medical Billing ---- 129
Certificate Programme in Child-Care Aide ---- 130
Certificate Programme in Child Health (Child-Health Assistant) ---- 131
General Duty Assistant ---- 132
Advanced Post-Graduate Diploma in Pharmaceutical Business Analytics ---- 133
Advanced Post Graduate Diploma In Clinical Research & Clinical Data Management ---- 134
Advanced Post Graduate Diploma In Clinical Research & Pharmacovigilance ---- 135
Advanced Post-Graduate Diploma in Healthcare Decision Analytics ---- 136
Advanced Diploma in Bio-medical Engineering ---- 137
Specialist physiotherapy practice in developmental disorders ---- 138
Behavior Modification Program for Autism Spectrum Disorder ---- 139
Molecular Genetics Techniques and Bioinformatics ---- 140
Specialist in Speech & Language Therapy (ASD) ---- 141
Advanced Post Graduate Diploma in Healthcare Decision Analytics ---- 142
ASEP-Nursing ---- 143
Molecular Genetics Techniques Bioinformatics-Short term ---- 144
Ayurveda Therapy - Panchakarma ---- 145
Fitness Trainer ---- 146
Certified Nursing Assistant ---- 147
Emergency Medical Technician ---- 148

Tax 149

Enrolled Agent ---- 150
GST Using Tally ---- 151
Tally Essential Comprehensive ---- 152
GCC VAT using Tally ---- 153
Certificate in Accounting Technician ---- 154

Mechanical Designing 155

Mechanical Design Program - Basic ---- 156
Mechanical Design Program ---- 157
Essential Design with Autodesk Fusion 360 ---- 158
Autodesk BIM for Architecture Design Development ---- 159

Legal Sector 160

Diploma Course – Paralegal Associate ---- 161
Certificate Course in Introduction to Legal Drafting: Contracts, Petitions, Opinions & Article ---- 162
Diploma in M&A, Institutional Finance and Investment Laws ---- 163
Diploma in Cyber Law, FinTech Regulations and Technology Contracts ---- 164

English 165

Open Sesame – Communicative English Course for beginners ---- 166
Occupational English Test (OET) ---- 167
IELTS General ---- 168
IELTS Academic ---- 169
Basic proficiency in English ---- 170
Workplace Communication ---- 171
Communicative English Trainer ---- 172

Other Languages 173

FRENCH A2 ---- 174
GERMAN A2 ---- 175
JAPANESE N4 ---- 176
JAPANESE N3 ---- 177
JAPANESE N2 ---- 178
SPANISH A1 ---- 179
JAPANESE N5 ---- 180
GERMAN A1 ---- 181
FRENCH A1 ---- 182
ARABIC PROFESSIONAL ---- 183
ARABIC FOUNDATION ---- 184

Film making 185

Advanced Diploma in Graphics, Web & Digital Film Making ---- 186
Certificate Course in Non Linear Editing ---- 187
Certificate Course in Videography ---- 188
Certificate Course in Digital Still Photography ---- 189
Diploma in Video Editing ---- 190
Diploma in Digital Videography ---- 191

Power Sector 192

Regulatory Issue in Power Sector ---- 193
Operation & Maintenance of Transmission Lines & Sub-Station ---- 194
Modern Trends in Power System Protection and Relaying ---- 195
Energy Audit and Loss Reduction in T&D System ---- 196
Industry LED Technical Training Program ---- 197
Emerging Technologies in Reducing AT&C losses ---- 198
Industrial Plant Safety ---- 199
Operation and Maintenance of LT/ HT Switch Gear ---- 200
Smart Grid Technologies - Operational Practices with simulator training ---- 201
Specialised Training in Renewable Energy and Grid Interface Technology ---- 202
Specialized Training in O&M of Hydro Power Plant ---- 203
Post Graduate Diploma course in Power Plant Engineering ---- 204
Post Graduate DIPLOMA IN Energy Engineering In Building Facility Management ---- 205
Smart Grid Technologies with Simulator Training ---- 206
Electricity Act and Regulation ---- 207
Advance O&M Techniques in Hydro Power Plants ---- 208
Post Graduate Diploma Energy Engineering In Building Facility Management ---- 209
Post Graduate Diploma Course (PGDC) in Renewable Energy and Grid Interface Technologies ---- 210
Power System Studies and Load Despatch ---- 211

Software Engineering (PART 01) 212

Certified Specialist in Full Stack Development (.NET) 213
Software Development using Drupal 214
Certified Hyperledger Fabric Developer 215
Certified Ethereum Developer 216
Foundation Course in Data Analysis, Design Fundamentals and Software Testing 217

Web Application Development using JAVA 218
Post Graduate Diploma in Embedded System Design 219
SeU Certified Selenium Engineer 220
Coding Skills 221
Full Stack Web Development using MERN 222

Software Engineering (PART 02) 223

HCL Techbee 224
Internet of Things 225
Unity Certified User Artist 226
Unity Certified Associate Game Developer 227
Unity Certified Associate Artist 228
Data Analytics with R 229
Front-end Application Development with React 230
Front-end Application Development with Angular 231
Diploma in Banking & Finance 232
Certified Cloud Tester for Professionals 233
Certified Specialist in Software Testing 234
Embedded Systems 235
Certified Specialist in Full Stack Development (MEAN) 236

Software Engineering (PART 03) 237

Certified Specialist in Full stack development MEAN 238
Certified Specialist in Data Science & Analytics 239
Data Science(DS USING R & DS USING PYTHON) 240
AWS Cloud Computing 241
Certified Tester Foundation Level Course for Professionals 242
Full Stack Java with Mean Stack 243
Full Stack .Net with Mean Stack 244
Python for Data Management 245
Certified Blockchain Associate 246
Complete Python 247

Software Learning 248

Word Processing & Data Entry ---- 249

Microsoft Azure Administrator ---- 259

Microsoft 365 Administrator ---- 251

Business Intelligence with Tableau ---- 252

Advanced Excel ---- 253

Linux System Administration III ---- 254

Linux System Administration II ---- 255

Linux System Administration I ---- 256

Medical Sector (PART 02) 257

Molecular Genetics Techniques & Bioinformatics-Short term ---- 258

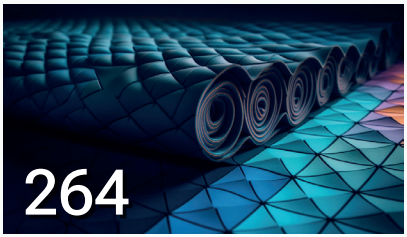
Ayurveda Therapy - Panchakarma ---- 259

Fitness Trainer ---- 260

Certified Nursing Assistant ---- 261

Emergency Medical Technician ---- 262

Certificate Programme in Advanced Biomedical Equipment Hands On Training ---- 263



Rubber 264

Open Sesame – Communicative English Course for beginners ---- 265

Occupational English Test (OET) ---- 266

Soft Skills 267

Work Readiness Programme ---- 268

Aerospace & Aviation 269

Open Sesame – Communicative English Course for beginners ---- 270

Occupational English Test (OET) ---- 271

Automotive 272

Automotive Service Technician ---- 273

Certificate Course in Vehicle Refinish ---- 274

Electronics and Hardware 275

Solar PV Rooftop Installation & Maintenance ... 276
Advanced Electricians with Home Automation ... 277
Mobile Phone Hardware Repair Technician ... 278
Executive Program in Small Category Drone Pilot Training ... 279
Computer Hardware & Network Maintenance ... 280
PG Diploma in VLSI SoC Design and Verification ... 281
Diploma in Computer Hardware and Network Maintenance with e-Gadget Technologies ... 282
Diploma in Refrigeration and Air Conditioning Technology ... 283

FPGA PROGRAMMING USING VHDL

672 HOURS | ONLINE MODE | 6,000 COURSE FEE

DOWNLOAD
DWMS CONNECT APP
GET IT ON Google Play

COURSE OVERVIEW

- A course designed for students to learn FPGA design and digital design using VHDL as a language at an intermediate level. A course designed to teach the candidate the concepts of digital systems design using FPGAs. The design is taught using a Hardware Description Language (HDL) called VHDL. The course will discuss in-depth all the components of VHDL and how different language constructs help us in designing hardware

CERTIFICATION

ESSENTIAL DESIGN WITH AUTODESK FUSION 360

45 HOURS | **ONLINE** MODE | **4,024** COURSE FEE

DOWNLOAD
DWMS CONNECT APP
GET IT ON Google Play

COURSE OVERVIEW

- This course is instrumental for engineers who design complex and customised products, equipment and systems. Rolled out in collaboration with Autodesk, the course is for mechanical students from semesters 2 to 7 in engineering and polytechnic colleges. It is offered in three modules that are spread across three semesters. Each module requires 45 periods of the training programme with 30 periods of teaching and 15 periods of project work. The course will be provided in a progressive mode.

COURSE OVERVIEW

- Gain proficiency in PHP programming language: One of the primary objectives of learning PHP is to become proficient in the language itself. This involves understanding its syntax, features, and concepts such as variables, data types, control structures, functions, and object-oriented programming. Build dynamic web applications: PHP is widely used for web development, and learning PHP enables you to build dynamic and interactive web applications. With PHP, you can process forms, manage user authentication, handle databases, and create dynamic content to enhance the user experience. Master Laravel framework: Laravel is a popular PHP framework known for its elegant syntax and powerful features. Learning Laravel allows you to leverage its capabilities for rapid application development, efficient routing, database management, template rendering, and other essential web developmen tasks. Develop scalable and maintainable code: Learning PHP and Laravel enables you to understand best practices for writing scalable and maintainable code.

COURSE OVERVIEW

- Mastering component-based development: One objective of learning React.js is to understand and become proficient in building modular and reusable components, which leads to more efficient and maintainable code. Developing interactive user interfaces: Learning React.js allows you to create engaging and dynamic user interfaces by leveraging its powerful tools and features, enhancing the overall user experience of your applications. Gaining expertise in virtual DOM manipulation: React.js utilizes a virtual DOM to efficiently update and render components. By learning React.js, you can optimize performance and responsiveness by understanding how to manipulate the virtual DOM effectively. Acquiring single-page application development skills: React.js is commonly used for building single-page applications (SPAs) that provide a seamless user experience.

COURSE OVERVIEW

- Selenium is an open source umbrella project for a range of tools and libraries aimed at supporting browser automation. It provides a playback tool for authoring functional tests across most modern web browsers, without the need to learn a test scripting language (Selenium IDE). It also provides a test domain-specific language (Selenese) to write tests in a number of popular programming languages, including JavaScript (Node.js), C#, Groovy, Java, Perl, PHP, Python, Ruby and Scala. Selenium runs on Windows, Linux, and macOS. It is open-source software released under the Apache License 2.0.

COURSE OVERVIEW

- As the use of web applications and websites continues to grow, the demand for full-stack developers is likely to increase. In addition, the increasing complexity of web applications and the need for seamless integration between the front-end and back-end of these applications are driving the demand for full-stack developers.

COURSE OVERVIEW

- The curriculum is geared toward newcomers who want to learn more about present and emerging technology in web development. HTML is great for declaring static documents, but it falters when we try to use it for declaring dynamic views in web-applications. AngularJS lets you extend HTML vocabulary for your application. The resulting environment is extraordinarily expressive, readable, and quick to develop. AngularJS is a toolset for building the framework most suited to your application development. It is fully extensible and works well with other libraries. Every feature can be modified or replaced to suit your unique development workflow and feature needs.

COURSE OVERVIEW

- SAP FI (SAP Financial Accounting) is a module in the SAP ERP system (Enterprise Resource Planning). The SAP FI module is one of the most important and popular components of SAP as it is used to store financial data (balance sheets, profit & loss accounts, etc.) of an organisation. SAP FI is tightly integrated with activities in other modules such as SD (sales and distribution), MM (materials management), PA (profitability analysis), and others. SAP Financial Accounting manages transactions in fixed asset accounting, bank accounting, cash journal, inventory, tax accounting, general ledger, accounts receivable, accounts payable, fast close functions, financial statements, parallel valuations, and different charts of accounts, as well as master data governance.
